I'd say it's sort of posterization or block print style. But the colors are a bit abstracted.

It's a cool wall mural. Where is that?

Looking at Google this is definitely Flat Landscape. Thank you!

Flat Landscape will get you a lot of visually similar images.

No it has a name that's WAY more specific to that kind of style. It's kind of like a form of graphic minimalism but with more colors. Idk, maybe I'm tripping.

In the digital world you could call this “vector art”. Color palette is a bit retro late 70s vibes.

I would just call this Minimalist Graphic or Block Print. Absolutely reminds me of something you could accomplish with block-printing or screen-printing.
